Remarks:

A fully equipped T2 Basic Long Instrument Tray weighs 7.9 kg.

Kit No. 1806-9901 is delivered fully equipped with instruments according to the list above. It may not be available in all countries.

Instruments designated "Outside of the U.S." may not be ordered for the U.S. market.

For detailed explanation about the function and use of the T2 systems please refer to the corresponding Operative Technique Guides.

** Either a 1806-0041 Ø9mm, or 1806-0040 Ø10mm, Awl Curved or 1806-0045 Awl, Straight, Ø10mm can be stored in the tray.

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.
